Dear Mr Lim

Greetings from The Australian National University.

We would welcome applications from qualified students from FIS Institute, Singapore, and thank you for your engagements so far with our office.

The University accepts GCE 'A' Level qualifications for direct admission to our undergraduate programs, and you can find the 2014 entry requirements listed at:

<http://students.anu.edu.au/applications/IntAdmissTable.pdf>

The University may also accept the provision of predicted (also sometimes known as forecast or preliminary) grades for unconditional entry to undergraduate programs, when the provision of their final results means they would otherwise be unable to join the semester intake that coincides with the finish of their studies. For GCE 'A' Level predicted grades an additional 'one point' premium will be applied to the scores otherwise required. Certain program restrictions apply and admission is at the discretion of the University.

Please do not hesitate to contact me should you have any further queries.

Yours sincerely

A handwritten signature in black ink, consisting of a stylized 'J' and 'H' with a long, sweeping underline that curves upwards to the right.

Jerome Ho
