May 18, 2016

Mr Richard Chew
Principal
Furen International School
345 Old Nelson Road
Singapore 758692

Dear Mr Chew

This letter sets out the terms for the agreement on the intake of students from the Furen International School (FIS) in Singapore to one of the undergraduate programmes listed on our website: <http://chuhai.edu.hk/academics>. All of our programmes in various disciplines are successfully accredited by the Hong Kong Council for Accreditation of Academic & Vocational Qualifications and are fully recognized under the Hong Kong Government Qualification Framework.

The College accepts applications from FIS students who are currently undertaking 'A' Levels. An interview will be arranged. A conditional offer into the programmes of their choice will be given to applicants with satisfactory performance. An official acceptance will be offered to those meeting our entry requirements for international students as stated on our website.

We look forward to receiving applications from suitable candidates from the Furen International School.

Yours sincerely

Prof CHANG Chung Nan
President
