Dear Sir

This letter is to confirm that Deakin University accepts students who successfully complete UK Advanced Levels to meet the university's requirements.

At any time during the course of their Advanced Level study program in FIS Institute, students may apply to Deakin University with their FIS school preliminary exam results for admission to Deakin courses and receive conditional offers of admission, conditional on obtaining the final Advanced Level grades required for admission, and on meeting any other requirements.

Please feel free to contact me if you have any further questions about this information.

Yours sincerely
