

24 July 2013

The Principal
FIS Institute Pte Ltd
SINGAPORE

Dear Principal

At Massey University, we are all about making a difference and we want to help your students do the same. Massey is a global university, teaching 34,000 students from more than 100 countries around the globe. At Massey, international students can be assured of a warm and caring environment, and an intellectual climate in which they are encouraged to excel in programmes that are innovative, progressive and inspiring. Wherever your students choose to study, at our Auckland campus, Palmerston North campus or Wellington campus, students will be able to access a comprehensive range of undergraduate programmes covering everything from Health to Humanities and Social Sciences, to Sciences and Engineering, to Arts and Business.

This letter is to confirm that students from FIS Institute, who are currently undertaking 'A' Levels and submit an application to study at Massey University, with preliminary results, will receive a conditional offer of place into an undergraduate degree programme of their choice. This is subject to satisfying the general entry requirements to the programme, such as subject pre-requisites and grades. Students will need to provide official final results once available.

Please note we are unable to issue offers for undergraduate degree programmes for which students need to fulfil and meet additional admission requirements. You will need to refer to our International Prospectus and the University website for further information.

Massey graduates are knowledgeable, creative, visionary, innovative and recognised for their practical nature. It is this reputation and hands-on attitude that sets Massey graduates apart. Without our students, we cannot change the world.

We look forward to welcoming FIS graduates to the Massey University community. Come join us in the new New Zealand.

Kind regards

Farnaaz Mohammed
Senior Manager, International Marketing and Recruitment
