The Principal
FIS Institute Pte Ltd
345 Old Nelson Road
Singapore 758692

Dear Principal,

I am pleased to confirm that the University of Canterbury is happy to accept suitably qualified students from the FIS Institute for enrolment in undergraduate programmes at the University of Canterbury.

To qualify for entry, students will normally have qualified with suitable GCE A level results. The current entry requirements can be viewed on our website at http://www.canterbury.ac.nz/admissions/international/academic_req.shtml

In addition, International students from Singapore need to demonstrate evidence of English Language proficiency with a grade of C or better in GCE O level English, or a minimum IELTS score of 6.0 with all bands of 6.0 or better, or an overall internet-based TOEFL score of 80 with 19 in reading, writing and listening.

The University of Canterbury can provide a Conditional Offer of Place based on results from the FIS term examinations held in September.

On application, students with exceptional forecast results released in September, e.g. straight A's, may be granted a full offer in order to be eligible to enrol in February the following year. Applications with forecast results are considered on case-by-case basis. We have two annual intakes, in February and July.

We look forward to future cooperation with FIS Institute.

Yours sincerely
