Dear Sir,

Provisional Admission for Students of Furen International School (FIS)

Siam Technology College and Lamar University has agreed to consider FIS students for Provisional Acceptance to the Tri-Continent Degree programs in Business Administration, Electrical Engineering and Hospitality Management. This program allows students to gain University qualifications from three continents: the UK, US and Thailand.

Students study the four year Bachelor's degree program in central Bangkok, Thailand, but have the option of doing a year or two in the US. Graduates receive: a NVQ level 5 (Senior Management) diploma from the UK; a four year Bachelor's degree from a tier two US University (Lamar); and a Bachelor's degree from Siam Technology College. Three university qualifications for less than \$5,000 US per year. Students may enrol for August 1st, 2017 as well as January 2018.

More can be found on our Tri-Continent Degree website here, as well as a link to a four-minute video that describes the program.

Acceptance is based on their internal A Level grades from their FIS Graduation Examinations, subject to the official Cambridge GCE A Level transcripts being submitted before their Provisional Acceptance becomes Full Acceptance.

However, the students are expected to have a C Grade in Three (3) subjects. In addition, the students should have the under listed documentary requirements:

- i. Academic transcripts (Sent directly to the Admission Department Siam Technology College)
- ii. Academic certificates (Scanned)
- iii. A photocopy of the student's International passport (Scanned)
- iv. A recent passport-size photograph (Scanned)
- v. Fully completed online student application form available at [-http://morgan.affordabledegreeoverseas.com/app/](http://morgan.affordabledegreeoverseas.com/app/)

Thank you for your interest in Siam Technology College and Lamar University. We look forward to enrolling your students.

Yours Sincerely,
