

The principal

June 6th, 2017

Furen International School

345 Old Nelson Road

Singapore 758692

Dear Principal of FIS,

Global University Systems (GUS) is an international network of higher-education institutions, brought together by a shared passion for accessible, industry-relevant qualifications. Global University Systems, an umbrella group that includes the GISMA, The University of Law, Interactive and other globally successful brands. GUS delivers a wide variety of programmes, including bachelor's degree programmes, master's degree programmes, professional training, English Language training, and corporate & executive education.

As we, Global University Systems, are exclusive partners of Concordia University Chicago and Webster University, pleased to confirm that both universities are happy to consider applications from qualified students from Furen International School for admission into undergraduate programs at Concordia University Chicago and Webster University.

To be eligible for admission consideration, students will need to meet the requirements of applying as outlined on our website as:

<http://www.webster.edu/admissions/undergraduate/internationalstudentapplying.html>

<https://www.cuchicago.edu/admission-financial-aid/international-students/apply/undergraduate/>

Where, the Webster Universities will offer provisional admission to students who are currently working on completion of their programs as long as they are able to provide final examination transcript and certificate before their classes start date with Webster.

Both, Webster University and Concordia University Chicago are happy to consider the applications from students who apply with their O level and A level, subject to satisfy admission requirements.

We look forward to working with Furen International School, and welcoming your students on our campuses.

Sincerely,

Marina Lee
Associate Director

Global University Systems
