Re: FIS student's application to BGU

Dear Mr. Mok,

We are delighted to hear of the interest of students from Furen International School (FIS), Singapore in admission to Ben-Gurion University of the Negev (BGU), Israel. It will be our pleasure to work with you on the application of your students to study Literature and Linguistics at BGU.

FIS students would be considered by BGU on aspects of their SAT score as well as their FIS internal A Level grades this August based on their final year exam results in their FIS Graduation Examination.

We will be happy to consider the application of students who can present the following credentials:

- SAT score that is equivalent to at least 550 on our psychometric entrance examination (the sections that are taken into consideration are critical reading and math)
- A certificate or equivalent as proof of the applicant's previous academic background
- A level internal scores
- English proficiency - score of 600 or above on the critical reading section of the SAT exam.

Acceptance will be determined by the academic department and is entirely at the discretion of BGU.

We are very excited to evaluate the candidates from Furen International School and look forward to hearing from you in the near future.

Sincerely

Dr. Stavi Baram,
Director
Office of International Academic Affairs
