

THE COLLEGE OF
WOOSTER

August 2, 2017

Mr. David Mok
Head of School
Furen International School
345 Old Nelson Road
Singapore 758692

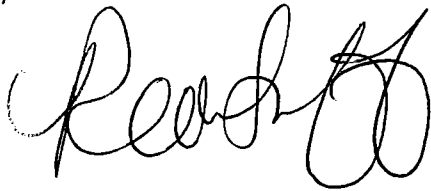

Dear Mr. Mok,

I am pleased to confirm that The College of Wooster will consider applications from qualified students from Furen International School for admission into Wooster's undergraduate programs.

To be eligible for admission consideration, students must submit their Common Application and fulfill the application requirements listed on our International Admissions website. In keeping with our application review practices, The College of Wooster will accept the August FIS graduation examination grades (internal grades) for application review, with the understanding that students will submit their final, official Singapore GCE A level results prior to matriculating at The College of Wooster.

I look forward to continuing to work with Furen International School. All the best in the coming academic year!

Sincerely,

Reon Sines-Sheaff
Director of International Admissions

CC: Michelle Seow, College Counselor
