ABOUT FIS?

Furen International School (FIS) was established in the year 2000. Today we are a Private Education Institution (PEI) registered under the Committee for Private Education (CPE) of Singapore, a statutory board under the Ministry of Education.

The campus is situated a short and convenient 6-minute walk from Sembawang MRT Station and is very accessible via public transport. Situated atop Admiral Hill and covering 5.6 hectares, the fresh air, beautiful scenery, gardens and available amenities create an ideal study and living environment for students. The school grounds consist of 6 blocks of which one of them is a national monument, the Old Admiralty House. This old colonial house with its distinctive red tiles and white columns was built back in 1939 and was originally the residence of the royal navy's admiral until the 1970s.

FIS provides preparatory courses for students taking Singapore-Cambridge GCE A-Level, CIE A-Level, Singapore-Cambridge GCE O-Level and IGCSE. To further enhance our courses and better equip our students for tertiary studies, we provide IELTS and is also conveniently a test centre for IELTS, SAT, AP and Cambridge English ATS.

Preparatory Course for GCE A-Level / CIE A-Level

An A-Level certificate can be used to fulfill entry requirements into the top universities of the world, serving as one of the best gateway into institutions of higher learning. This course is designed to provide you with a mastery of the various subjects tested during the A-Level examination, opening up a host of local and international university options upon graduation.

Preparatory Course for GCE O-Level / IGCSE

Attaining an O-Level certificate is an important milestone for all students, as it can be used to fulfill entry requirements into local and international high schools. In most US universities, O-Level is an acceptable entry requirement together with SAT. This course provides you with a solid foundation and grasp of the various subjects tested during the O-Levels, ensuring you will have a broad range of educational options upon graduation.

Preparatory Course for IELTS

This course is designed to help students develop the knowledge and skill of English reading, writing, listening and speaking, enabling them to score well in the IELTS examination. IELTS is a well-known English proficiency test that is recognised world-wide and accepted by world renowned universities.
