WELCOME TO FIS

Ms. Li Wei

Senior Principal

Making the decision to pursue your studies at FIS is one of the wisest choices you make in your life.

Modern and safe, Singapore is a country full of opportunities; it provides you the chance to write your life story the way you want. With the provision of high quality education, strong financial know-how and medical care, Singapore has both the environment and opportunities to pursue one's dreams.

FIS stands out among the private schools in Singapore for our academic rigour and student management services. We will carefully guide each and everyone of you in finding your goals and teach you to be relentless in striving to achieve them as you embark on the initial chapters of your story. We will tutor you on the importance of gratitude and the importance of giving back to the society as you learn the joy of creating a positive impact on the lives of those around you.

Be prepared to learn with passion and "Rise Above The Ordinary, Rise Above Our Limitations" as you soar onwards, writing a truly memorable life story that is sure to inspire others for generations to come!

" WITH SELF DISCIPLINE MOST
ANYTHING IS POSSIBLE "

THEODORE ROOSEVELT

THE FIS STORY

FIS aims to be Asia's most influential preparatory education institution where our graduates will secure admissions to world-renowned universities through our rigorous education system.

Established in 2001, FIS offered the Singapore-Cambridge General Certificate of Ordinary Level (GCE O-Level) programme in 2004 and our top graduates gained admissions into the local polytechnics in Singapore.

The Singapore-Cambridge General Certificate of Advanced Level (GCE A-Level) programme was introduced to the FIS Community in 2007 and with their exceptional results, our best pioneer GCE A-Level graduates gained admissions to the National University of Singapore (NUS). In 2014, we were extremely excited and proud when our graduate, Mr. Wang Haochen, was admitted into the prestigious Oxford University and this was followed by Mr. Ding Yuzheng who was accepted by the highly prestigious Cambridge University in 2016.

Our strong focus on student academic success is highly complemented with instilling social responsibilities in our youth and the constant reflection on the consequences of one's acts on others and on the environment. The establishment of the Cambodia Youth Voluntary Project with the Boys' Brigade where our students taught students English and Chinese, repainted parts of the Chambokhae Primary School and raised funds for new windows for Hope International School in Siam Reap is one such example.

FIS aims to be Asia's most influential Preparatory Education Institution. Through quality education, our students will secure admissions to world-renowned universities. We have evolved innovatively over the last twenty years and now FIS offers a three-year Middle School Programme and a three-year High School Diploma Programme. In 2021, we will be incorporating the problem-based learning and student profile-building programmes, the FIS Alpha Programme, into the FIS Journey. Aimed to empower, inspire and encourage students as they journey through a rigorous and intricate process of preparing for their higher education, the FIS Alpha Programme also provides students with the knowledge, confidence and skills needed to excel in life.

At FIS, "To Rise above the Ordinary" is not just a motto but it is our raison d'être.

SINGAPORE, ALSO FONDLY CALLED THE LITTLE RED DOT, IS KNOWN FOR ITS WORLD CLASS EDUCATION; BOASTS AN EXCELLENT TRANSPORTATION SYSTEM; A HIGH STANDARD OF LIVING THANKS TO ITS GOOD HEALTHCARE AND FACILITIES; LOW CRIME RATE; AND AN ARRAY OF CUISINES THAT WILL SATIATE THE PALATE OF ANY INTERNATIONAL STUDENT.

WHY STUDY IN SINGAPORE?

Singapore is a vibrant cosmopolitan nation with an outstanding educational system. By opting to study in Singapore, international students get a chance to be a part of the global community, experience a truly cosmopolitan lifestyle, and an access to an education system that encourages excellence. Known to be a world leader in research and innovation, Singapore has been crowned 20th on the QS Best Student Cities 2019.

- **Excellent global education system**

Singapore offers a progressive education system with state-of-the-art facilities. The standard of education is excellent across all levels, starting right from the primary level.

- **Clean, green and safe country**

Singapore is said to be the smartest and safest country in the world. And despite being a completely urbanized state, Singapore is the greenest city in Asia, with its green cover increasing from 36% in the eighties to 47% in 2016 (Centre for Liveable cities).

- **Dynamic multicultural society**

Home to a mix of nationalities and variety of religions is a direct reflection of the diversity of races living here in Singapore.

- **English-speaking country**

Singapore is an English speaking country, with English being one of the 4 nationally spoken languages. English is the medium of instruction in all public schools. As most of the population knows English, it makes Singapore an extremely student-friendly country for students from all over the world.

- **Global business hub**

Singapore is consistently recognized to be a global business hub with its developed infrastructure, political stability and open business policy. The World Bank rates it amongst the top countries to do business while the Swiss-based World Economic Forum rates it as having one of the most stable economic systems in the globe. Singapore offers limitless career and networking possibilities to international citizens.

Fun Facts About Singapore

- **It's a city of not just one island, but 64**

In addition to its main island, the nation of Singapore includes 63 additional islands, most of which are uninhabited.

- **It's home to the world's first night zoo**

Singapore's Night Safari provides a nocturnal experience like no other in the city; it's also the world's very first night zoo. Opened in 1994, the 35-hectare park features over 1,000 animals in their naturalistic night-time environments.

- **Buildings in Singapore cannot be higher than 280 metres**

Guoco Tower, standing at 290m, had to obtain permission to be built in 2016.

- **Guinness book record title**

The Guinness book record for the longest human domino chain was set in Singapore on September 30, 2000. It was formed by 9,234 students and measured 4.2km.

WHY CHOOSE FIS?

- **Awards:**

We aim to stand out by delivering the best quality education services by adopting the best industry practices and hiring qualified teachers to conduct courses for our students.

- **Dedicated educators:**

At FIS, most of our teachers graduated from the National University of Singapore (NUS), Nanyang Technological University (NTU) and overseas universities. Our young, enthusiastic and dedicated teachers engage students to participate, stimulate them to explore and jumpstarts their motivation to learn.

- **Small class size**

Small class sizes lead to more one-on-one attention from the teacher who can tailor instructions according to the students' needs. As a result, the learning experience is enhanced and better results can be achieved.

- **Student counselling:**

Our students' wellbeing is our utmost priority. Counsellors are available to students who need professional assistance.

- **University Guidance:**

We help students to identify universities to pursue their tertiary education through individual counselling and guidance activities and assist them in the application process.

- **Regular communication with parents:**

Each student is assigned with a Student Development Manager who is in constant contact with the student and his/her parents during the FIS journey.

- **Centrally-located Campus:**

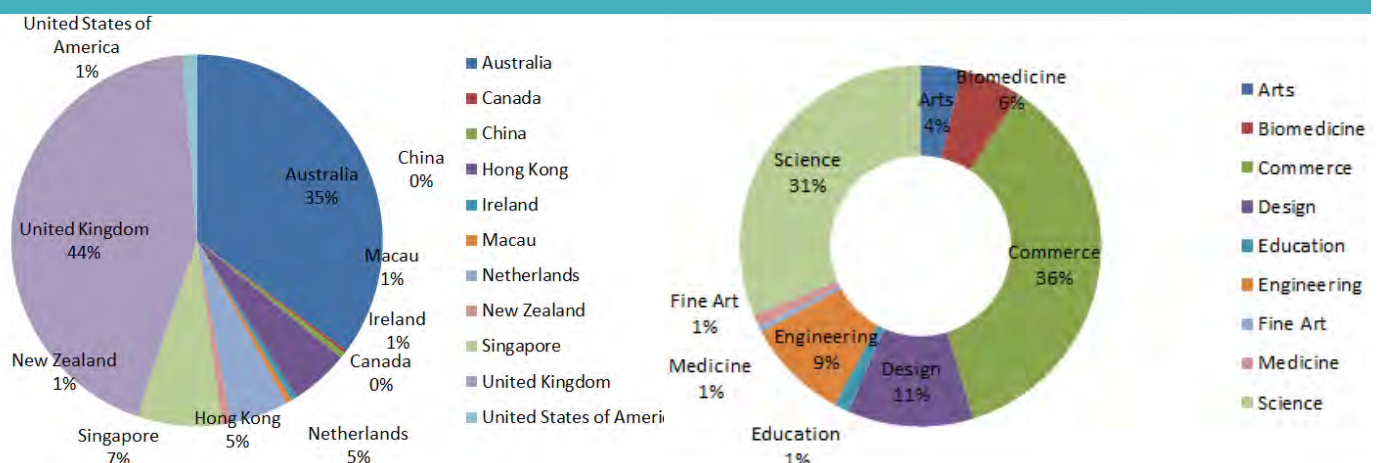

Our boutique campus is located in the heart of the Orchard Road shopping belt, just 5-minute walk from the Orchard MRT Station and multiple bus services ply through this part of the city.

- **Student accommodation:**

The Jervois Residence is a Balinese-resort-styled boutique condo located in an upper-class residential area at 29 Jervois Road, Staff are on duty round the clock and transportation to and fro campus is provided on a school day.

BREAKDOWN OF UNIVERSITIES APPLICATIONS FOR 2019 GRADUATES

FIS has a proud history of producing academically excellent graduates who have gone on to further their studies at top universities such as the Cambridge University, Oxford University, University College London, National University of Singapore, Nanyang Technological University, Singapore Management University, Australian National University and Melbourne University.

FIS HIGH SCHOOL DIPLOMA

The Cambridge international curriculum sets a global standard for education and is recognised by universities and employers worldwide. Students develop an informed curiosity and a lasting passion for learning and also gain the essential skills they need for success at university and in their future careers.

FIS is one of the first few CPE-registered Private Education Institute in Singapore to offer a 3-year High School Diploma programme. The FIS High School Diploma was developed to provide students a rigorous education based on the highly challenging, inspiring and flexible Cambridge International "A" Level curriculum.

The problem-based learning programme is complemented with teacher-student mentorship, participation in the "Sustainable Future Leaders Programme in collaboration with NUS Business School and compulsory overseas projects. This equips students with the confidence, leadership and life skills to excel in the future.

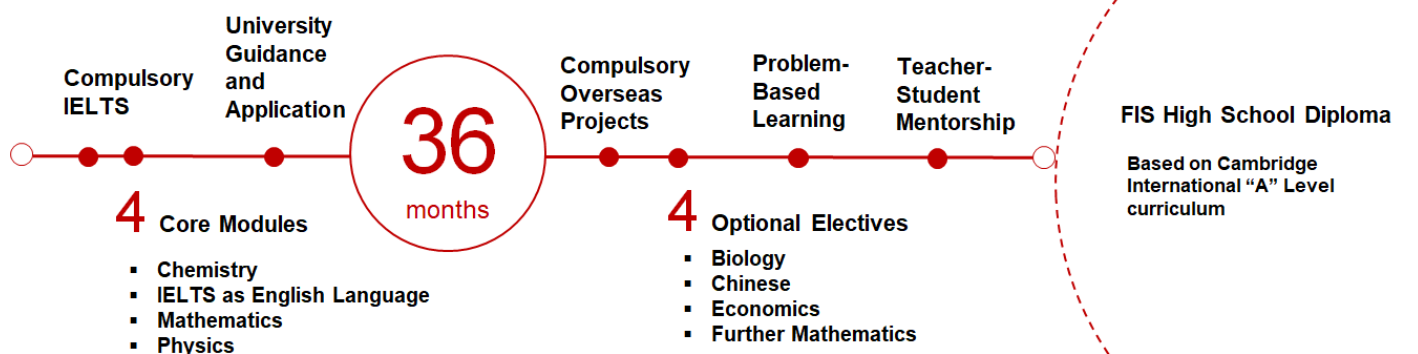

The FIS High School Diploma engages students through lectures, tutorials, discussions and laboratory sessions and the programme delivery will incorporate learning activities which provide opportunities for experiential learning. Lectures and tutorials will be conducted in English Language and other language may be used during individual coaching.

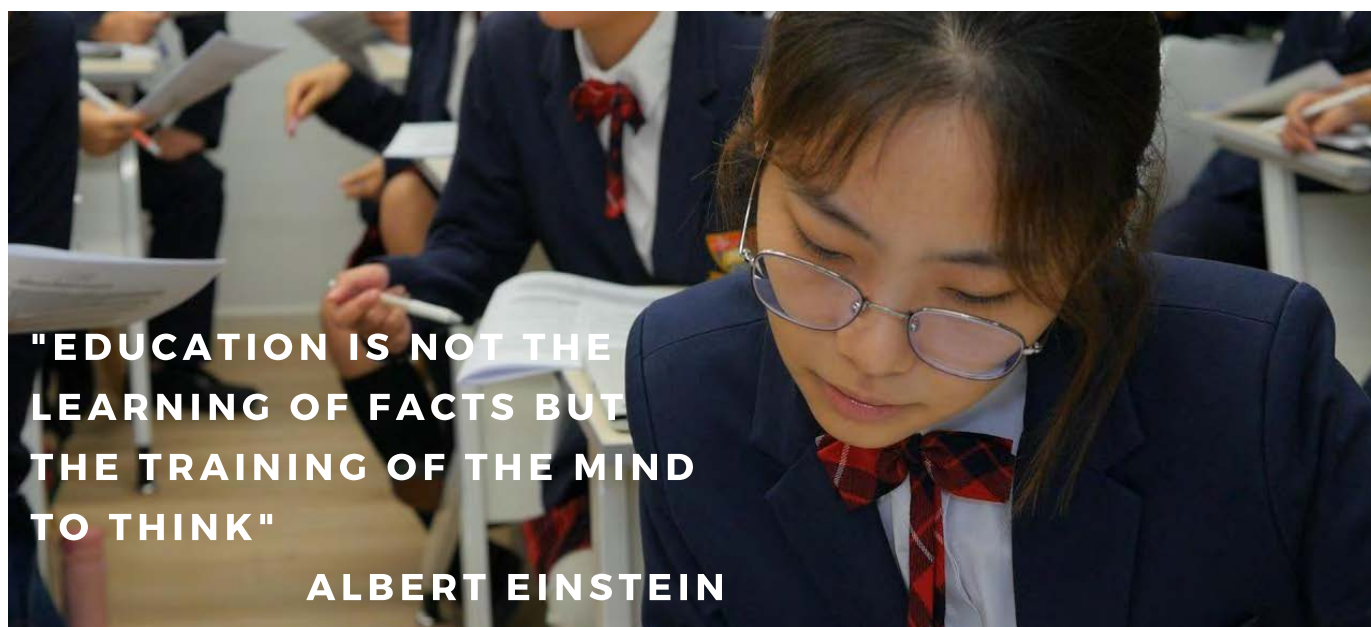

Each student usually offers 4 core subjects, namely English (IELTS), Mathematics, Chemistry and Physics. Electives may be taken up if based on interest or if the student would like to challenge themselves academically

Upon completion, students are expected to be equipped with the knowledge and skills to sit for the Cambridge International "A" Level if they wish so.

Each academic year is made up of four terms of three-month in duration and there are four intakes, usually in the months of January, March, July and September.

FIS HIGH SCHOOL DIPLOMA PROGRAMME STRUCTURE

**"EDUCATION IS NOT THE
LEARNING OF FACTS BUT
THE TRAINING OF THE MIND
TO THINK"**

ALBERT EINSTEIN
